

ViewSonic Board

The ViewSonic ViewBoard is a multi-faceted interactive display and touch screen.

Turn on the ViewSonic ViewBoard.

Use the pen as the touch tool to avoid making finger marks on the screen.

Replace the pen on the magnetic pad when finished with it.

The ViewBoard has built-in internet capabilities.

Select Browser to begin.

The default page has been set to the Emily Carr Student page.

The ViewBoard has a built-in whiteboard with the standard tools to draw, make shapes, and work with images.

Select myViewBoard to begin.
